HSC (12th Standard)

B.N.N. College, Bhiwandi | Score: 55%

SSC (10th Standard)

B.V.N. Hindi High School | Score: 86.20%

EXPERIENCE

Eureka Outsourcing Solutions Pvt. Ltd.

Mar 2025 – Jun 2025

Apprentice – Customer Care Associate

- Completed structured professional training in call center operations, CRM systems, and customer handling protocols.
- Resolved customer queries efficiently and accurately, consistently maintaining high customer satisfaction metrics.
- Strengthened communication, real-time problem-solving, and adaptability skills in a fast-paced work environment.
- Demonstrated discipline, consistency, and ability to work effectively under pressure and tight timelines.

PROJECTS

Corporate Technology Services Website with Lead Capture System

Minor Project

Tech Stack: HTML, CSS, Bootstrap, JavaScript

- Developed a responsive corporate website with structured multi-section UI (Hero, Services, Testimonials, Case Studies) using semantic HTML and modular CSS.
- Implemented a lead capture form with JavaScript validation, smooth scrolling, and success message handling for better UX.
- Ensured mobile-first responsive design using Bootstrap, maintaining consistent layout across all screen sizes and devices.

Enterprise Project Management Dashboard

Major Project

Tech Stack: React (Vite), JavaScript, Bootstrap

- Developed a React-based admin dashboard with dynamic project listing, status-based filtering (Completed, In Progress, Pending), and live statistics display.
- Implemented task creation and status update features using React Hooks, with modular component architecture for scalability.
- Ensured fully responsive UI using Bootstrap, with JSON-driven data rendering for real-time updates across devices.

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS

Frameworks/Libraries: React.js, Node.js, Express.js, Bootstrap

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code

Concepts: REST APIs, CRUD Operations, Responsive Design

ADDITIONAL INFORMATION

- Strong analytical and problem-solving mindset with the ability to break down complex challenges into structured solutions.
- Quick learner and highly adaptable — able to pick up new technologies and frameworks with minimal ramp-up time.
- Effective team player with good interpersonal and communication skills, experienced in collaborative environments.
- Genuinely passionate about software development and committed to continuous growth through hands-on learning.
